

## ***French at work. Simplified.***

**Hosted by Clea Corman, Provincial Employment Roundtable (PERT)**

Are you a municipal organization looking to attract top talent while complying with language requirements? PERT is here to help you turn that challenge into an opportunity.

### *What can PERT do for you?*

We support you in implementing French language learning initiatives in the workplace. In helping you to train your employees, we help you to retain them as well. We also guide you in selecting the best public or private programs and subsidies available.

### *What is PERT's role?*

Taking administrative complexity off your plate. Working with you to assess your needs, choose the right approach, and implement concrete solutions.

### *The result?*

A more inclusive workplace, employees who feel more confident in French, and a high-performing municipality.

### *Why choose PERT?*

Because our team understands the landscape, the available resources and the realities of employers. We provide simple, human-centred, tailor-made solutions. **And it's a free service!**

We are pleased to offer this course at a reduced rate thanks to funding by the *Secrétariat aux relations avec les Québécois d'expression anglaise*.
